Herman Clark alias George Shaver,
alias Anderson, confessed daylight
robber of the Shertz State Bank Mon-
day, implicated in a number of San
Antonio burglaries, and wanted by
army authorities in San Antonio for
absence without leave, was arrested
about dark Wednesday evening by
Sheriff C. J. Schuehle and Deputies
J. B. Dawson and George Schuehle at
the home of R. J. Dailey on the old
Frank Brown farm on the Hondo
some eight or ten miles southeast of
Hondo.
San Antonio officers had a tip that
the man they wanted was headed this
way, being an acquaintance of the
Dailey, and a posse of officers came
out in the afternoon and with the
local officers searched the premises.
On assurance that he had not been
there since the bank hold-up and
promise that Sheriff Schuehle would
be promptly notified if he put in an
appearance there, the officers dis-
missed him and the San Antonio party
returned to the city. Shortly there-
after, Mr. Schuehle received a phone
call from the Daileys and went down
and got the man. Fortunately, he
had thrown his pistol away, and made
no resistance to arrest when found
trying to hide in a smokehouse near
the main building. Officers came out
during the night, upon being notified,
and took Clark to San Antonio
and thence to Seguin where he is in
custody of the Gadsden County au-
thorities.

The Shertz bank was robbed of
some \$300.00 sometime Monday, the
robber leaving at once in a taxi in
which he had been driven from
San Antonio. He left the taxi driver
upon arriving in the city and lost
himself. The taxi was soon located,
however, on description from Shertz
and suspicion fixed on the guilty par-
ty. When arrested he made no effort
at denial and informed the officers
that he went to Austin after the rob-
bery. There he spent most of the
money, buying himself a second-hand
Buick car, a lot of fine clothes and a
pair of expensive spectacles. He
drove the car from Austin back
through San Antonio to the point of
his arrest and passed the returning
officers on the Highway near the
Three Point Station without being
recognized. He had only about \$50.
of the stolen money on his person
when arrested.

Sheriff Chas. J. Schuehle and County
Attorney H. E. Hays were called to
LaCoste Tuesday by local officials.
A drunken oil field worker had run
amuck sometime Monday night and
shot out several street lights and fired
several shots into the LaCoste drug
store, breaking a valuable glass door
and otherwise disturbing the peace.
When approached by officers, how-
ever, he surrendered without protest
and luckily no one was hurt. He was
tried in Justice Court at LaCoste
Tuesday and in default of his fine is
being held in the County jail.

Knob-knockers burglarized the
Rothe & Koch store in D'Hanis Sun-
day night. The safe was consider-
ably damaged but the culprits failed
to secure all the money, as the main
compartment of the safe could not be
forced. Something like thirty dollars
was missed. Nothing else in the store
was disturbed and they left no
clues.

Keller Brothers store at old
D'Hanis was burglarized Tuesday
night, and a quantity of goods taken
therefrom. No arrests have been
made.

Whie C. W. Gilliam's Mexican
caretaker was celebrating diez y seis
in Hondo some miscreant stole ten of
his fine registered Angora bunnies
from his goat farm near the Quilhi
siding. No trace of the animals has
been found.

Sheriff Schuehle says that with the
approach of cold weather and the
consequent influx of bums from the
north crime may be expected to in-
crease, and warns all to guard their
premises and property with renewed
care if they would avoid loss. Peace
officers cannot be everywhere at
once.

TOWN TO BUY DUMP GROUNDS.

The committee that was appointed
some weeks ago by the Luncheon
Club to consider the matter of a new
dump ground, having secured a suit-
able tract from Judge Ed de Montel
about two miles north of Hondo, at
the forks of the Hondo-Verdina road,
a subscription list was started at Tues-
day's meeting to secure funds to pay
for the same.

A new site for a dump ground has
become an imperative necessity. The
only way to secure it is through pri-
vate donations and every citizen of
Hondo will be invited to share in this
expense.

FAIR ASSOCIATION TO HOLD PATRIOTIC CELEBRATION.

The Medina County Fair this year
will take the form of a one-day patri-
otic celebration, commemorating
Armistice Day and the Bi-Centennial
of Washington's birth. The celebra-
tion will be held November 11, 1932,
at the Medina County Fair Grounds
in Hondo, and it is expected that the
entire County will participate.

A wide and varied program has
been arranged, with plans tentative.
The ex-service men will have prece-
dence on that anniversary of the
signing of the Armistice by begin-
ning the celebration with a patriotic
program, to take up the morning
hours. At noon a free barbecue din-
ner with the accompanying trimmings
will be served on the grounds. The
program for the afternoon will take
the form of athletic events, the chil-
dren to take part in races and games
conducted by County Superintendent
W. N. Saathoff. At three o'clock the
Owls, Hondo High's football squad,
will meet Cotulla's team on the local
gridiron for one of the exciting dis-
trict league games.

Friday night, preceding the big
dance, a pageant depicting important
events in the life of George Washing-
ton will be witnessed from the Fair
Grounds grandstand. Medina Coun-
ty school children and talent will
take part in the lavishly planned en-
tertainment. A popular orchestra
will furnish music for the grand
finale, the big Armistice night dance.
Depression prices are to be en-
forced for adults and 25c for children,
which admits all to the grounds, to
the barbecue and to all other events.
Only extra charge will be for the
dance at night.

Due to the stringency of the times,
the Fair Association feels it is wiser
and safer to hold a one-day celebra-
tion instead of the more elaborate,
expensive Fair of other more pros-
perous years. There will be, there-
fore, no exhibits or stock shows, and
no prizes will be given.
If the Association is given the level 40
support by Medina County people this
year and makes the Armistice Day
celebration a success, perhaps by
next year the County will be better
prepared for a bigger and better
Fair for 1933.

ABOUT THE TAXES.

There has been a reduction of five
cents on the hundred dollars valua-
tion in our state taxes and thirty
cents on our county tax. The inde-
pendent school district tax remains
the same as last year.

Following is a comparison between
the rates paid last year and the rate
to be paid this year.

	1931	1932
State	\$.74	\$.69
County	1.00	.70
School Dist.	1.00	1.00

Total reduction for 1932 35c

The Commissioners Court delayed
the fixing of the county rate, on ac-
count of pending legislation, and this
delayed the completion of the rolls
until the Collector just this week re-
ceived them from the Assessor. An
extra force of clerks is busy making
out the receipts and while they may
not be complete by tomorrow, Octo-
ber 1st, any one wishing to secure a
tax receipt will be promptly accom-
modated at the Collector's office.

HAS CLOSE CALL.

While doctoring a wire cut on one
of his mules Monday, Mr. C. J. Bless
was kicked in the face by the animal.
The blow must have been a glancing
one or the consequences might have
been much more serious. As it was,
his lower lip was cut by the mule's
hoof and had to have three stitches
to close the wound. The upper plate
of his false teeth was broken into
three pieces and his mouth painfully
bruised as was also one of his hands.

OWLS OPEN THE SEASON WITH PEACOCK HERE FRIDAY.

The Hondo High School football
team, under their new coach, C. M.
Flory, opens the season Friday at the
high school field against Peacock
Military Academy. The game will
start promptly at three o'clock and it
promises to be a battle from start to
finish. The teams are evenly match-
ed in weight, the Owls having slight-
ly the heavier line, and the Peacocks
having a considerably heavier back-
field.

Coach Harlan K. Allen is bringing
nine veterans of his last year's cham-
pion team to battle the local eleven,
and he is not bashful about saying
that he intends to win. His team
features the double wing-back for-
mation, and the big bull-necked
Stahlman at fullback will deal the
Owls plenty of misery from this for-
mation.

Coch Flory has taught his charges
a single wing-back and the short punt
formations, and with August Finger
pegging the ball to all corners of the
lot, the Peacocks will be in for a hot
time. Rucker and Parsons at ends,
and Jones and T. Finger, backs, are
excellent pass receivers. Defensively,
the Owls look good. Garteiser, Stie-
gler, and Taylor are towers of
strength in the line. Rucker, Lan-
caster and Parsons are three capable
ends. The big question marks on the
squad are the guard positions. The
backfield looks like A. Finger, T.
Finger, Jones, and Miller. Schweers
and Schuehle are fair ball carriers,
but are weak blockers and defensive
men. Joe Haerlein is showing rare
form at tackle, and may start the
game at one post.

HONDO BOY ADVANCING.

Horace M. King, who was appoint-
ed this year as head of the Depart-
ment of Education at Westmoorland
College in San Antonio, is a grandson
of I. H. King of Hondo. Horace King
was educated in Hondo, San Antonio,
Southwestern University in Geor-
getown, and at Southern Methodist Uni-
versity in Dallas. He married a Hon-
do girl in 1917, Miss Jennie Earl
Woolfs. This marriage linked mem-
bers of the families of the earliest
settlers in Hondo.

During the war King served as a
lieutenant in the Army, and was sta-
tioned in Florida and Washington,
D. C. He was licensed to preach in
Crystal City in 1917, and since then
has served seven appointments in the
Methodist church. For the past six
years he has been Conference Exten-
sion Secretary for the Board of
Christian Education in the West Tex-
as Conference. When Bishop Paul
B. Kern was assigned to China, he
asked that King be sent as his educa-
tional worker. This King was unable
to do.

In his work at Westmoorland he
teaches Education and Religious Ed-
ucation. He still maintains his con-
nections with much of his church
work.

SUICIDE FLEET.

Enthusiastic applause has been given
the "Suicide Fleet," naval drama spec-
tacle, which is the feature picture at
the Colonial Theatre this Friday and
Saturday, and tells the story of "ac-
tion at sea and love at home." The
"three musketeers" on this fighting
ship are Bill Boyd, Robert Arm-
strong and James Gleason; all three
are in love with Ginger Rogers. Boyd
and Armstrong are Coney Island con-
cessionaires and Gleason a rubber-
neck megaphoner, who enlist and are
assigned to a destroyer. Then the
fun begins. There's a twist of the
plot at the end that's well worth see-
ing. Others in the cast are Harry
Bannister, Frank Reicher, Ben Alex-
ander, Henry Victor and Hans Joby.

Next week—George Bancroft and
Wynne Gibson in "Lady and Gent".

FROM DEMOCRATIC HEAD- QUARTERS.

Austin, Texas, Sept. 28.—The or-
ganization set up by Roy Miller and
Senator Margie Neal for the Demo-
cratic campaign in Texas is to be
used to distribute the Roosevelt-
Garner Medallions that are being sold
to make up the \$150,000 allotted to
Texas as its share of the national
campaign fund for the Democratic
Party.

Frank Seofield, of Hillsboro, Chair-
man of the Finance Committee for
Texas, who is aided by Harold Byrd
of Dallas and Carl Estes of Tyler,
has undertaken to sell 150,000 me-
dallions bearing the likenesses of the
Democratic nominees, for one dollar
each within one week, beginning
October 8th.

Arrangements have been made to
have a number of volunteer workers
in each precinct begin solicitation of
that date, and it is expected that they
will be able to contact every Demo-
crat in every precinct within a week,
and to offer each of them an oppor-
tunity to become a contributor to the
national campaign.

"This method of financing the
Democratic campaign was selected by
Franklin D. Roosevelt as an appropri-
ate way to provide the sinews of war
for the Democratic Party, to which
the average citizen instinctively turns
as the champion of human rights, and
the enemy of special privileges," Mr.
Seofield said.

"Republican campaigns are con-
ducted on contributions obtained
from wealthy men who are benefi-
ciaries of Republican policies. It is
fitting, therefore, that our contribu-
tions shall be drawn from the rank
and file of Democratic voters, whose
interests are paramount with the
party of Jefferson and Jackson," Mr.
Seofield said further.

"John Garner's fellow Texans
ought to welcome the opportunity to
do their part in bringing about his
election. If one Democrat out of
every five that participated in the
recent primary contributed one dol-
lar, the Texas quota would be over-
subscribed," Mr. Seofield concluded.

Your order for these medallions
will be taken at the Anvil Herald of-
fice and a receipt issued to you for
your contribution of \$1.00 or more
by the County Chairman, Fletcher
Davis.

VOLUNTEERS WANTED TO FINANCE CAMPAIGN.

Editor Fletcher Davis, Democratic
County Chairman of Medina County,
announces today that James Farley,
Chairman of the Democratic National
Committee, in conjunction with the
Executive Committee has designated
him as the first member in Medina
County of "Shareholders in America",
a movement designed to elect Frank-
lin D. Roosevelt and John N. Garner.
Mr. Davis said he received today his
membership and official Roosevelt-
Garner Medallion, which is the official
insignia of Shareholders in Ameri-
ca.

The medallion is a real work of art,
bearing a profile of Governor Roose-
velt and Speaker Garner. It was
created by Gutzen Borglum. Mr.
Davis said that he expected to be a
sponsor of Shareholders of America
in Medina County, and give every
supporter of Franklin Roosevelt an
opportunity to procure one of these
medallions. He said anyone would
be proud to display it as a souvenir
of the campaign.

"This plan for raising funds," said
Mr. Davis, "is in keeping with Frank-
lin Roosevelt's idea of making this
the People's Campaign." The medallion
sells for \$1.00. Any person desir-
ing a medallion can communicate
with Mr. Davis at Hondo, Texas. Mr.
Davis is seeking volunteers to cooper-
ate in this campaign. Anyone who is
willing to help the cause of Frank-
lin Roosevelt can communicate with him
at The Anvil Herald office.

Franklin Roosevelt became the
first Shareholder in America Sunday
afternoon, at his home in Hyde Park.

NEW FOUNTAIN METHODIST.

"Are you a Christian?" asks one
traveler of another. The answer was:
"A sort of one." "What do you mean
by that?" said the first speaker. "One
must either be a Christian or not
one." "Well," said the second speak-
er, "I trust I am a Christian, but I
am not a very faithful one; indeed, I
fear I am a very unfaithful one; that
is what I mean by sort of a Christian."
The New Fountain Methodist
church is trying to help you to be a
faithful Christian.

ST. PAUL'S LUTHERAN CHURCH.

Matthew 21, 28: "Son, go work to-
day in my vineyard."

Man is made to work. To worship
and to work. There is no lack of em-
ployment in God's Kingdom. Every
disciple is admonished to exert his
powers in the Cause of God. Idleness
has no standing room here.

It is said that Oliver Cromwell on
one occasion visited a certain cathed-
ral in London. The Dean of the
cathedral accompanied the warrior as
guide. In a certain part of the build-
ing there was a group of silver stat-
ues. Cromwell asked the Dean what
they represented. The Dean replied,
"They are twelve miniature statues
of the twelve apostles. They are
here for ornamental purposes only." At
once Oliver Cromwell said, "Take
them down, coin them into money,
that like their Master, they may go
about doing good. He never intend-
ed that one of His disciples should
be used for ornamental purposes."

In the interest of God's Kingdom
the pastors of the San Antonio Con-
ference of the American Lutheran
Church will meet in Hondo on Tues-
day and Wednesday, October 4 and
5. Rev. G. Lanener of Knappa is
chairman, and will have charge of
the meetings. There are 30 pastors
who belong to the San Antonio sec-
tion. Several timely subjects will be
treated, which will keep the pastors
occupied in the morning and after-
noon sessions. The Ladies' Aid So-
ciety has undertaken to furnish the
meals, which will be served in the
Roth building. Mrs. F. R. Grube is
chairman of the committee in charge.

The general public as well as the
congregation and friends are invited
to attend the special night service
which will be held on Tuesday night,
October 4, in St. Paul's Church. Rev.
H. A. Heinecke, former pastor of
this church, will have charge of the
confessional service preparatory for
Holy Communion. Rev. D. E. Ander-
son of San Antonio is scheduled to
preach the sermon. Rev. Howard T.
Barnhoff of Pearland will occupy the
pulpit in the event the former is ab-
sent. This service will begin at 8:00
o'clock instead of 7:30 as previously
announced.

The Luther League will meet on
Sunday night beginning at 7 o'clock.
Miss Irene Hays will conduct the dis-
cussion of the topic, which will em-
brace the branch of Missions known
as Inner Missions.

The Sunday School and congrega-
tion of St. Paul's plan to have a pic-
nic on Sunday, October 9, at Trages-
ser's Park in Castroville. Regular
services will be conducted at the
church on that day. Parents are asked
to take their basket lunches to the
park and eat in a body. Special
games and contests are being pre-
pared for both old and young. Friends
are invited to be present also.

On next Sunday, October 2, Eng-
lish services will be held at 10:30. The
Sunday School and Bible classes will
begin at 9:15. You are invited to
join us in work and worship. The
pastor is preaching a series of ser-
mons on the Holy Bible. You will
profit by them.

BARBECUE DINNER.

home of Mr. and Mrs. W. J. Wheeler

fullest extent. The afternoon was
spent visiting and listening to the
sweet music furnished by Charles
Grunewald and Otto Reitzer; and
then another hearty meal. Having
enjoyed the day very much, all went

many more happy birthdays.

Adolph J. Graff reports slow sale for pigs. It seems strange that no one wants young hog stock with all the cheap corn and mize there is in the country and the fine prospect for grazing on winter small grain. There was never a more promising season for planting turnips than right now and with plenty of "corn bread, buttermilk and good old turnip greens" and hog jowl no one need hiberate through the winter, even if we have no money to spend. Mr. Graff can furnish the pigs.

Cambro-Ordovician crude oil of Oklahoma is the oldest of the Mid-continent crudes—being already ages old when dinosaurs tramped above its hidden reservoirs. It has mellowed longer, filtered longer, contains less carbon than younger Mid-continent crudes. When refined and blended in the great Sinclair refineries—de-waxed and freed from non-lubricating petroleum jelly, this oldest of Mid-continent crudes becomes Sinclair Opaline Motor Oil, a product of 80 million years of Nature's priceless treatment. Cin Statistician John P. Lippold reports 474 bales of cotton ginned in Medina County up to September 16th. Up to a like date last year there had been 743 bales ginned. Not only has the acreage of cotton in Medina County been greatly reduced in recent years, but the crop seems to have become much more uncertain in its yield. While Hondo at one time kept three gins busy and there were several others within her territory only four gins have operated in the entire county this season.

Herman Koch was a business caller at this office Wednesday. As a sample of the uncertainties of farming in this country, Herman lost all of his cornfodder and all of his crop of cane from too much rain on it after it was cut down. Now his second crop of cane is ready to cut and it is too wet to cut it. However, fall grass in the pastures are fine and winter oats have a fine season for starting.

This has been a wet week! In fact, for more than a week. Last Friday night and Saturday it rained continuously for a stretch of twenty-four hours or more, and showers have been of frequent occurrence every day and night since. The precipitation has not been heavy but the soil is thoroughly soaked. As we go to press there is no sign of a break in the clouds.

At the Card Party held last week at St. John's School, Mrs. Cook of the Medina Hospital won high score prize for High Five instead of Mrs. L. E. Heath as previously stated. The two ladies tied for high score and in the cut Mrs. Cook won. We are glad to make this correction.

Here's Smiling Relief... Periodic Pains

Most of your suffering from common every-day aches and pains is unnecessary and unwise. Unnecessary, because Dr. Miles' Anti-Pain Pills relieve quickly and without unpleasant after effects; unwise, because pain makes your physical condition worse instead of better. One pill usually brings relief in a few minutes.

If you suffer from any of the disorders listed above, take Dr. Miles' Anti-Pain Pills. If they do not give you greater relief in less time than anything else you have used, go to your druggist and get your money back.

A package of Dr. Miles' Anti-Pain Pills in your medicine cabinet, pocket, or hand-bag means fewer aches and pains.

FAMOUS MOVIE CELEBRITY HEADS RKO MAJESTIC STAGE SHOW.
Hobart Bosworth, star of more than five hundred pictures, will be seen in person as the headliner of the five act stage show now playing at the RKO Majestic Theatre in San Antonio. His appearance is more than the usual public appearance of a motion picture star. He will be in an act entitled "Now and Then" in which he will describe the history of the motion picture from its infancy through the present day production of talkies. He is fond of all sports and carries with him a Great Dane dog that is his constant companion and works with him in his act.
The "Ingenues", a 20 piece all-girl band, share the headline honors with Bosworth. This girl band has been featured in Ziegfeld's Follies and is a popular recording band. They play more than 200 instruments and have an all-band banjo specialty number that is worth the price of admission. Thamar Lacey is their danseuse.
Wally Jackson and Edgar Gardner with Dorothy Adams offer a travesty on broadcasting entitled "Micro-Phonies", next Barney Grant, "Just a fellow from Missouri", is a young hill-billy full of fun and surprises, then there will be Jimmy Purcell and his Blondes, "the kind gentlemen prefer", in a novelty of songs and dances. Jean Sarli and his Harmony Band complete the stage entertainment.
On the screen, Joel McCrea, Fay Wray, Leslie Banks and Robert Armstrong appear in "Dangerous Game", one of the most thrilling and weird melodramas ever taken from an original story.

Stronger Than He Was at Twenty

FIFTY-FIVE years old, and still going strong!

Do you want the secret of such vitality? It isn't what you eat, or any tonic you take. It's something anyone can do—something you can start today and see results in a week! All you do is give your vital organs the right stimulant.

A famous doctor discovered the way to stimulate a sluggish system to new energy. It brings fresh vigor to every organ. Being a physician's prescription, it's quite harmless. Tell your druggist you want a bottle of Dr. Caldwell's syrup pepsin. Get the benefit of its fresh laxative herbs, active senna, and that pure pepsin. Get that lazy liver to work, those stagnant bowels into action. Get rid of waste matter that is slow

poison so long as it is permitted to remain in the system.

The new energy men and women feel before one bottle of Dr. Caldwell's syrup pepsin has been used up is proof of how much the system needs this help.

Get a bottle of this delicious syrup and let it end that constant worry about the condition of the bowels. Spare the children those bilious days that make them miserable. Save your household from the use of cathartics which lead to chronic constipation. And guard against auto-intoxication as you grow older.

Dr. Caldwell's syrup pepsin is such a well known preparation you can get it wherever drugs are sold and it isn't expensive.

DEVINE NEWSLETS

From The Devine News.
NEW CREAMERY-CHEESE FACTORY ON HIGHWAY.

Bernard Brown, proprietor of the Devine Creamery and Feed Mill, has bought an acre of land fronting 150 feet on the highway, just north of the city limits, from Louis Jungman, Jr., and will begin in a few days the erection of a modern cheese and creamery plant building, on designs and plans received from Fond du Lac, Wis. Mr. Brown stated to The News reporter that his business has increased to where he must have more room; and must segregate the milk and feed business. He recognizes, too, that for sanitary purposes he must get out of the center of town with his creamery. He is about to close contract for a 48x60 brick; if this should not be closed he will build with hired labor, either concrete block or hollow tile. The feed mill will be kept where it now is and run by Mr. Brown as a sideline to the creamery-cheese factory. One of the Schweitzer boys is to take a course soon in cheese making and not later than Jan. 1st, Mr. Brown says, they will be located in their new building, making butter and cheese. They are now selling their entire output of something like 10,000 pounds the week to a San Antonio commission house under their own label. There is an old pond adjoining the lot on the east, where the concrete blocks were once made, into which the waste from the factory can be disposed of in a very sanitary way, Mr. Brown thinks.

MEDINA COUNTY FARMERS LOOK TO NEW FINANCING PROGRAM.

With abundant feed, they can get AID to fatten lambs and calves.

Medina County farmers who have abundant feed crops on their hands and no market are looking to the San Angelo branch of the Agricultural Credit Corporation, which is now open for business, as a place where they can get the necessary financing to buy lambs and calves to feed out their surplus feed crop and get something for their abundant fall pastures.

The new livestock bank, which is a part of the Reconstruction Finance Corporation, was created to help the price of livestock and feed crops by providing an agency that could finance ranchers to get feed for their

stock and farmers to buy livestock to help market their feed.

Two Financing Plans.

There are two general plans of financing, according to sample application blanks received by County Agent C. M. Merritt; one for feeder stock and one for breeding stock. The feeder loans are to be made for the feeding period—while the breeder loans are to be made for a much longer period—it being possible to get assurance of range loans for as long as three years. The interest rate will be 7% but no service charges or fees, such as inspection, etc., will be made, providing the cheapest money available to the farmer and ranchman in years. All applications will be passed on by the local board of the San Angelo branch and its action will be final—not subject to review by any other body. This is taken to mean that loans will be made with rapidity and can be secured as fast as they can from any private institution.

Ford Hevey, who heads all the Agricultural Credit Corporations, actively for the Reconstruction Finance Corporation, is President of the Stockyards National Bank of Omaha, Nebraska. He is said to be one of the outstanding livestock loan men in the United States and the banks under his direction are expected to function with unusual rapidity and lack of red tape usually tied to government enterprises.

Corns All Gone Big and Small Radox Took Them Roots and All

In England they have a sensible easy way to get rid of corns in just a few days—a joyous invigorating foot bath every night for 3 or 4 nights—then lift out the corn—out to stay.

Ask W. H. WINDROW, The Nyal Store, or any drugstore for a package of Radox, 2 sizes 45c and 85c. Hard corns—soft corns—calluses—hard skin on heels and toes—it's all the same to Radox—you'll have new, strong, flawless feet a week from now—ask for Radox and enjoy walking—dancing. Mail orders filled.

QUIHI NOTES.

Come unto me, all ye that labour and are heavy laden, and I will give you rest. Take my yoke upon you, and learn of me. Matth. 11:28, 29.

We all carry our bundles through life. None excepted. Some of the loads we placed upon ourselves in giddy hours. Some were placed upon heart and shoulders by friends and foes, carelessly or intentionally. The weight fits the well-worn grooves in the course of time, still, we are anxious to get rid of it. How? By ignoring it? By stoic resignation? Through friendly intercourse, diversion, auto-suggestion and hypnotic numbing of your senses? Poor makeshifts. Have you tried Him who says: I will give you rest? His own record proves the correctness of his assertion. Millions back His statement. They've tried it. Take my yoke—not an additional load, but a device, a method to ease and relieve. I am meek and lowly, demanding little here below and unwaveringly convinced that He who loads, loads with a purpose and never beyond our capacity, supplying strength or cessation in due time. How to carry, is the question.

Wedding bells were ringing last Saturday, the 24th inst., despite the melancholy rain, for Mr. Arnold Lindenburg and Miss Elsie Folk, the former the son of Mr. John Lindenburg, the latter the daughter of Mr. and Mrs. Anton Folk. A small circle of friends witnessed the impressive ceremony and offered their hearty congratulations. The bridal couple left immediately for a short trip, braving the inclement weather with a cheerful mind, as they are braving the ups and downs of their future. May the Lord brighten the way for these well-known and well-beloved young people.

Thanks to the kind assistance of Mr. L. Schweers and Mr. D. Reizner, a bit of territory in seeing the good folks of this parish. We are trying to get around as fast as possible, permit, but some, quite naturally, must be last. But they'll understand.

On Sunday, the 2nd of October, German and English services will be conducted at Quihi at 10 A. M. and 8 P. M., respectively. Come!

The Ladies' Aid will have their monthly meeting on Thursday, October 6th, at 2 P. M. at the Parish Hall. Quite a number of things wait for deliberation and transaction, and a full attendance is much desired. How about bringing your non-member neighbor along? The Lord has use for them all.

The Luther League Program comes off on Sunday, October 9th. The second Sunday of the month, henceforth, is the permanent date for this joyous occasion.

The players for the German and the English playlet were duly chosen at a recent meeting and the preparatory work for the social is well under way. We hope to offer you a few tidbits of the genuine good old time. Get ready!

PLOW EARLY FOR WINTER WHEAT.

By L. A. Hawkins
Agricultural Extension Department
International Harvester Company.

The preparation of the seed bed for winter wheat should begin at the earliest possible moment.

The ideal time to plow for fall wheat sowing is during the summer. Wheat needs a fine, firm seed bed with plenty of moisture, and a seed bed of this kind cannot be prepared after late plowing in time for sowing wheat.

Plowing should be done in time to allow the soil to settle and to be worked down to re-establish capillary action so the young wheat plants will not go into winter in a weakened condition.

Ground that is plowed late in the fall, unless it should be a very wet season, seldom contains sufficient moisture for the successful growing of wheat and it is apt to heave in winter, injuring and often totally destroying the stand of wheat.

Often we are not able to plow in July for the field may be growing a crop. But if the field is lying idle we should not put off plowing any later than possible. Sometimes a very wet spell during harvest makes it impossible for us to work among the growing crops or in the harvest field. But if we have our plows ready, the men and teams can plow between showers. This is better than loafing around, waiting for it to dry up. If we haven't time to plow the whole field, we can plow portions of it at intervals as time permits.

Get Into Field Soon.

Possibly the field, which we expect to sow to wheat, has a crop of oats or corn on it. We think we must wait until the crops are hauled off before we can do anything toward getting the ground in shape for wheat. But we can save much valuable time

If we place the shocks in rows, this will enable us to start plowing between the rows. At a point we should get into the field just as soon as the crops are off.

Many timothy and clover meadows are planted to wheat in the fall. They should be plowed just as soon as the hay crop has been harvested. We must remember that it takes time to prepare the kind of a seed bed wheat should have.

In early fall plowing it is a good plan to plow deeper than in the spring. It is best not to leave the field until what has been plowed during the day has been harrowed. Follow up this work by harrowing after every rain.

This will conserve the moisture and give a fine, firm seed bed. Never let the ground remain rough, as the much needed moisture may be lost.

WHERE WILL "RELIEF" LEAD.

The national budget, according to late reports, has not been balanced in spite of the highest taxes in our history. It is expected that "relief" measures, involving hundreds of millions or billions of dollars, will shortly be passed.

If the present trend keeps up, the working, tax-paying citizen will be in need of relief. It will be cheaper to do nothing than to produce cheaper to give property away than to own it. And political waste and extravagance continue undiminished.

BIDS WANTED.

Sealed bids will be received by the Commissioners' Court of Medina County, at the Judge's office in Hondo, up to the 24th day of October, 1932, at 10 o'clock A. M. when same will be opened by the court, for the construction of a bridge across the Seco Creek, below D'Hanis. For further information see Oscar Tondre, County Commissioner Precinct 3, D'Hanis, Texas. The county reserves the right to reject any or all bids.

R. J. NOONAN, County Judge.

Professor W. N. Sathoff, Secretary of the Hondo Chamber of Commerce, at a call from the Secretary of Southwest Texas Chamber of Commerce, and at the request of the Hondo Luncheon Club, attended a conference of other secretaries in San Antonio Wednesday to consider matters pertaining to Southwest Texas handling of her portion of the Federal Highway Emergency Employment Relief funds. It appears from information procured by Mr. Sathoff that instead of this fund being apportioned through the regular highway agencies to the various counties, it was to lay plans to set up the necessary machinery for handling the said funds that this conference was called. Mr. Sathoff will make an official report of the actions of the conference to the Luncheon Club at its next Tuesday's meeting.
